BEANS--Dwarf, Stringless, Wax Sorts.

Challenge Strain Black Wax.

This is the finest Black Wax Bean grown. The first to give a full picking of pods, which are a clear waxy white, crisp, tender and perfectly stringless. The beans are a jet black when dry. This variety is often listed under the name of Improved Prolific or Currios Rust Proof. Our strain of this popular sort is the very best and will give perfect satisfaction.

Packet, 10 cts., pint 25 cts., quart 45 cents.

The vines are remarkably vigorous, hardy and productive; the pods are very large, smooth and showy, and will sell when all other varieties will be refused; they are tender, perfectly stringless and of unusually fine quality. The entire pod assumes a rich golden color at a very early stage of growth—a very important feature which no other sort does. Prepared for the table it has a fine buttery flavor and exceedingly tender. Pkt. 10c, pt. 25c, qt. 45c, postpaid.

GRENELL'S IMPROVED GOLDEN WAX.

This is an improved strain of the old standard variety Golden Wax which has been grown for so many years. The pods are longer, larger, entirely stringless and of a rich golden color. The vines are vigorous in growth and very productive. This strain has been carefully selected and is one of the very best.

Pkt. 10 cts., pint 25 cts., quart 45 cents, postpaid.

BEANS--Dwarf, Snap or Bush, Green Podded Sorts.

Red Valentine

This is without doubt one of the very best green podded varieties that can be grown. The vines are strong, vigorous, erect in habit, with large, dark green leaves. Pods are of good size, curved, with a crease in the back, fleshy, crisp and tender. Our selected stock is the best that can be grown. Pkt. 10c, pt. 25c, qt. 45 cents.

Refugee

Frequently called Thousand to One on account of its wonderful yields. It is a great improvement on the old Refugee as it comes about two weeks earlier and is more productive. The pods are of a rich shade of green, and of the finest flavor. Beans drab color, speckled purplish red. Pkt. 10c, pint 25 cents, quart 45 cents, postpaid.

Horticultural

Very productive and one of the good varieties. Pkt. 10c, pt. 20c, qt. 40 cts.

Early Six Weeks

An early, productive variety of excellent quality. Vines are healthy, vigorous in growth, with rather large, heavy leaves. Pods large, straight and quite thick. Beans long, kidney shaped. A very desirable bush bean for general use. Pkt. 10c, pt. 20c, qt. 40c.

We list no five cent packets of beans as they contain too small a quantity, but offer only large packets at 10 cts., as they are much more satisfactory.

Plant Haskin's Seeds For Sure Crops.

POLE BEANS.

Kentucky Wonder or Old Homestead.

A remarkable green pole bean that is regarded by many people as the very best of all climbing varieties for both private and market use. It is enormously productive, the pods hanging in great clusters from top to bottom of the pole. It is entirely stringless, and the pods are a silvery green color, resembling the popular Refugee Bush Bean. The pods, though large, cook tender and melting, and is at least ten days earlier than any other green sort. Pkt. 10c. pint 30 cents, quart 50 cents.

Cut Short This is commonly called the "Corn Hill Bean" and is considered a most valuable sort for planting among corn, where it gives a large crop without the use of poles. The beans are oblong in shape, cut off diagonally at the ends, of a white shade, and are usually covered with dark red spots. Pkt. 10c, pt. 25c, qt. 45

Golden Cluster The everlasting Pole Bean. A magnificent variety that bears continuously the entire season. It grows rapidly, bearing very early, clusters of three to six pods of rich golden color. Pods average about eight inches in length, exceedingly tender and entirely stringless, retaining their plumpness and tenderness long after they have attained a large size, and continues to bear, if the pods are picked, until frost, and its enormous yield recommends it to every one. Few, if any, of the varieties of late introduction are so popular as the Golden Cluster, and certainly none will give better satisfaction than this splendid bean. Pkt. 10c pt. 25c. qt. 45c.

Large White Lima The popular old Pole Lima that has been largely grown for years. The beans are of good size and excellent flavor. Pkt. 10 cts., pint 30 cts., quart 50 cents, postpaid.

Our seed is all strictly fresh and the best grown.

Poor seed is dear at any price.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

Crosby's Improved Egyptian

Extra early. An improved strain of Blood Red Egyptian. It has handsome form, good size, small tops, very small tap root, fine quality, and, above all, quick, rapid growth. It takes on turnip shape and looks well even in the early stages of its growth, on which account it is preferred for forcing to many other varieties. If planted every three weeks it makes an excellent beet for family use. Our stock of this seed is the best, and you make no mistake in planting this grand variety. Pkt. 10 cts., oz. 15 cts., $\frac{1}{4}$ lb. 35 cts., lb. \$1.00, postpaid.

Early Eclipse Our strain of this wonderful beet, is as early as the Egyptian and is considered by some to be superior in quality and flavor.

It has small top, bright red color, and is the popular beet with the market gardener. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 20 cts., lb. 60 cts., postpaid,

Early Basano An old standard variety. Grows quite large, and leaves are used for greens. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 20 cts., lb. 50 cts.

Dewing's Improved Blood Turnip The leading main crop variety. Flesh a deep blood red, tender, and of good size. A first-class beet for the home garden. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 20 cts., lb. 50 cts., postpaid.

Early Blood Turnip The old standby, and the favorite with thousands of gardeners, and by many preferred to all others for general use. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 20 cts., lb. 50 cts., postpaid.

Long Smooth Red Flesh tender, sweet and of rich flavor. Color carmine. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 20 cts., lb. 50 cts., postpaid.

Golden Tankard Mangel The best Mangel for stock feeding. It has the greatest milk producing properties, and is relished more than any other. Pkt. 5 cts., $\frac{1}{4}$ lb. 15 cts., lb. 50 cts., postpaid.

Mammoth Long Red Mangel This is by far the best long red in the market. Remarkable for its size and freedom from coarseness. Pkt. 5 cts., $\frac{1}{4}$ lb. 15 cts., lb. 50 cts., postpaid.

Lane's Imperial Sugar Excellent for stock feeding, and will yield as much as mangels. Pkt. 5c, oz. 10c., lb. 40c.

Improved Klein-Wanzlebener Highly recommended in the Sugar Beet sections. Pkt. 5c, lb. 40c.

CABBAGE.

Early Jersey Wakefield This is the best early Cabbage in cultivation. A sole header, of hard, medium sized heads, and is grown extensively for market and shipping. Heads conical, very compact, solid and of excellent quality. Our seed is grown and selected with great care and is sure to give satisfaction. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 75 cts.

Early Winningstadt An old standard variety. Vigorous in habit, and seldom effected by heat, drouth, frosts or insects. A second early, pointed sort, that is sure to head in any kind of season. Pkt. 5 cts., oz. 15 cts., $\frac{1}{4}$ lb. 50 cts.

Early Dwarf Flat Dutch

One of the best second early sorts, producing large, well shaped heads after the first early sorts have disappeared. The plants are short stemmed and upright, heads very solid and will stand a long time without bursting. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 65 cts.

Henderson's Early Summer.

We believe this to be decidedly the best large, early variety in cultivation.

Heads large, flat or slightly conical, plants strong growing with large, spreading leaves. It is nearly as large as the late sorts and only about ten days later than the Wakefield. Valuable for both family and market. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 65 cts.

Short Stem Drumhead Far ahead of the old Late Drumhead cabbage; ripens earlier; has larger and more solid heads. If you want a fine crop of big cabbages, Short Stem Drumhead is just the thing. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 65 cts.

Deephead An early strain of the Flat Dutch type. The head is round, solid, and very large for size of plant, and of good quality. Pkt. 5 cts., oz. 15 cts., $\frac{1}{4}$ lb. 50 cts.

Improved Stone Mason One of the most reliable varieties for fall and winter use. Heads of good size, round and slightly flattened, very solid, crisp, tender and free from the strong flavor found in many late sorts. Pkt. 5 cts., oz. 15 cts., $\frac{1}{4}$ lb. 50 cts.

Surehead The heads are large, round, very solid, tender and rich, with very few outer leaves, being nearly all a solid head; but, its best feature is its ability to withstand drouth. Pkt. 5c. oz. 20c.

HOLLANDER, or Danish Ball-Head.

"Hard as a Rock"

"Heavy as Lead."

Without exception the best late cabbage ever offered the gardeners of America. It is a wonderfully hardy, strong, vigorous grower, enduring both frost and drouth, and producing the most perfect, solid, round heads in seasons when other varieties fail. For market gardeners and large cabbage growers, Hollander is unequalled, its keeping qualities being superior to any other variety. A head of Hollander, when properly trimmed for marketing, will weigh fully one-quarter more than any other cabbage of the same size.

Pkt. 10 cts., oz. 25 cts., $\frac{1}{4}$ lb. 85 cts.

Premium or Superior Late Flat Dutch.

The great cabbage for fall and winter use. Grows to a large size, is a sure header and of excellent flavor. It is a good keeper and extensively grown for shipping. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 75 cts.

Hundred Weight.

A grand cabbage for late use; remarkable for its immense size, solidity of head, and good keeping qualities. Always forms a large, handsome head, which will keep in the best condition for a long time. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 60 cts.

Mammoth Red Rock.

This is the best, largest and surest heading red cabbage ever introduced. The head is large, round very solid, and of deep red color. Pkt. 5 cts., oz. 20.

Cauliflower.

Early Dwarf Erfurt.

A very desirable variety for forcing or planting outdoors. Plants compact, with narrow, upright leaves, and forms solid, compact heads even under unfavorable conditions. Pkt. 20 cts., $\frac{1}{4}$ oz. 75 cts.

Early Snowball.

The Best For Fall Crop.

With reasonable care every plant will produce a fine head. Compact grower, early, heads large, solid, and white as snow. Pkt. 25 cts., $\frac{1}{4}$ oz. 80 cts.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

White Plume It is more largely grown for both private and market use than any other sort, while for earliness, flavor and quality none can compare with it. Pkt. 10 cts., oz. 25 cts., $\frac{1}{4}$ lb. 75 cts.

Golden Self-Blanching A favorite with amateur gardeners every where. The ribs are perfectly solid, crisp, brittle and of delicious flavor, surpassed by no other variety, while it has the decided merit of being self-blanching to a very remarkable degree. Without banking up or any covering whatever, even the outer ribs become of a handsome, fresh, yellowish-white color. The heart is large, solid and of a beautiful, rich golden-yellow. Pkt. 10c., oz. 25c., $\frac{1}{4}$ lb. 75c.

Golden Heart A very popular and distinct variety of dwarf sturdy habit. A most valuable sort for the garden. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 60 cts.

Giant Pascal The Leading Celery for winter use. The stalks are remarkably large, thick, solid; and entirely stringless. It is a very vigorous grower; the heart is a rich, bright yellow. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 60 cts.

White Solid Large size, tall and of stiff growth; white and crisp. Pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ lb. 60 cts.

Improved White Spine A favorite market variety, producing fruit of medium size, excellent for slicing and makes choice pickles; straight and smooth; a great bearer, and no sort excels it in crispness and flavor. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

Chicago Pickling Very popular with Chicago gardeners, and used by many of the largest pickling factories in preference to any other sort. Fruit of medium length, rather pointed at each end, with quite large and prominent spines. Color rich deep green. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

CUOCUMBERS, CONTINUED.

EARLY CLUSTER.

A vigorous growing variety, usually producing the bulk of the crop near the root and in clusters. It is a good table variety, and excellent for pickling purposes. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c.

Early Frame, or Short Green.

Valuable for either pickling or slicing. The plants are hardy, vigorous, and enormously productive. Fruit straight, small at each end, bright green, and the flesh is tender, solid and very crisp. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

Improved Long Green.

This is undoubtedly more largely grown than any other variety. The vines are vigorous and productive; fruit about twelve inches long, firm and crisp. The young fruit makes excellent pickles, is uniformly long and of good form, with the large spines well distributed over the surface. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 25c.

WHITE WONDER.

A grand, new sort, and one of the finest Cucumbers for table use in cultivation. Very hardy and productive; fruit is an ivory white from time of forming until fully ripe. Pkt. 5c., oz. 15c.

CARROTS.

Half Long Danvers Improved stock. This is a magnificent variety of American origin, with a smooth skin and handsome stump root. It is largely grown in all sections on account of its enormous yield, and adaptability to all kinds of soil. The flesh is deep orange with a yellowish center, sweet and solid. Tests prove that it will produce as high as thirty tons per acre under good cultivation. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

Guerande or Oxheart An exceedingly popular variety introduced into this country from France. The tops are very small for the size of the roots, which are comparatively short but often attain a diameter of six inches, terminating abruptly in a small tap-root. The flesh is a bright orange, solid, fine grained and of a sweet flavor. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

Improved Long Orange Equally desirable for farm or garden culture. The roots are of large size, averaging 12 to 14 inches in length. It yields heavily and is fine for private use or growing for stock feeding. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

Early French Forcing The earliest of all the Carrots, and is extensively grown for forcing purposes. Root, small, globe shaped, of an orange color; flesh fine grained and of splendid quality. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

EGG PLANT.

New York Improved The best in cultivation; large, round, dark purple, and very productive.; is the main sort used for both the family and market garden. Pkt. 10 cts., oz. 40 cts., $\frac{1}{4}$ lb. \$1.25.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.00.

New Varieties and Specialties for 1902.

Under this head will be found the latest and best of all the realy good things not listed in 1901. We would call especial attention to the following seven special varieties:

BURPEE'S STRINGLESS GREEN PODDED BEAN, DETROIT DARK RED BEET, CHARLESTON LARGE WAKEFIELD CABBAGE, EMERALD CUCUMBER, ICEBURG LETTUCE, GRADUS OR PROSPERITY PEA and HASKIN'S IMPROVED PERFECTION TOMATO, of which we send one large 10 cent package of each of these grand varieties for only 50 cents postpaid. Don't fail to include these in your order if you want the best in their line.

LAZY WIFE'S POLE BEAN. The pods are wonderfully broad, thick, fleshy and, above all, stringless. They retain their rich, tender and stringless qualities until nearly ripe. A good white shell bean for winter. Pkt. 10c., pt. 30c., qt. 45c.

VIOLET FLAGEOLET WAX BEAN. Known as perfection wax. Plant very large with large, light green leaves. Pods very long and large. When well grown it is one of the most showy of wax bean. Pkt. 10 cts., pt. 20 cts., qt. 30 cts.

Detroit Dark Red Turnip Beet. The best deep red turnip beet, not only for market gardeners,

but for the home garden. Has small tops, roots particularly smooth, flesh dark red, tender and sweet. Pkt. 10 cts., oz. 15 cts., $\frac{1}{4}$ lb. 25 cts.

COLUMBIA BEET. The roots are of a neat turnip shape, with smooth skin and deep blood-red flesh, of rich tender quality. In habit of growth it is very even, the foliage small and of a rich bronze color. It is also good for winter, grown from the seed sown in July: Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

SWISS CHARD. A distinct vegetable and much superior to the common beet for greens; it must be remembered, however, that the roots are of no value as beets. Sown early in the spring, it makes a rapid growth of leaves, and is fit for use for greens sooner than any other variety. Pkt. 5 cts., oz. 10 cts. $\frac{1}{4}$ lb. 25 cts.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

Burpee's Stringless Green Podded Bean.

The development of this variety makes a decided improvement in string bush beans. It is one of the earliest and is excelled by none in quality. They remain long in an edible condition: Pkt. 10c., pt. 40c., qt. 60c., postpaid.

YOSEMITE MAMMOTH WAX BEAN. The monster pods of this grand variety are absolutely stringless, of a rich golden color, cooking tender and delicious. Pkt. 10c., pt. 35c., qt. 60c., postpaid.

DAVIS WHITE WAX. The best white seeded dwarf wax bean in cultivation. Pods are clear waxy white, long and thick. The dry beans are clear white, and kidney-shaped. Pkt. 10c., pt. 30c., qt. 50c., postpaid.

CARLIES RUST PROOF WAX BEAN. As nearly rust proof as any good wax podded bean can be. Pods longer and thicker than the ordinary wax bean. Pkt. 10 cts., pt. 25 cts., qt. 45 cts., postpaid.

GOLDEN EYED WAX BEAN. Extremely early, growing very rapidly, and yields a great profusion of tender pods, of excellent quality. Pkt. 10 cts., pt. 25 cts., qt. 40 cts.

WHITE CREASEBACK POLE BEAN. The best round, green-podded pole bean in cultivation. Especially valuable for its extreme earliness and its habit of perfecting all of its pods at the same time. Pods silvery green, of the best quality, borne in clusters of from four to twelve. Pkt. 10c., pt. 35c.

New Varieties and Specialties for 1902.

MARBLEHEAD MAMMOTH DRUMHEAD.

LARGE WHITE BELGIAN CARROT. Large in size, very productive. Similar to Yellow Belgian except color. Pkt. 5 cts., oz. 10 cts., pound 50 cts.

LARGE WHITE VOSGES CARROT. Well suited to shallow soil. When other varieties require digging Vosges may be pulled. Pkt. 5c., oz. 10c., lb. 66c.

Pink Plume Celery. Practically the same as White Plume excepting that the stalks are suffused with pink. The appearance is extremely attractive, is crisp and of a rich nutty flavor. Pkt. 10 cts., oz. 25 cts.

Evans Triumph Celery. By far the best late celery. It requires the whole season to develop but will keep longer than any other variety. Is very strong and vigorous in growth, crisp brittle and tender. Pkt. 10 cts., oz. 30 cts.

Emerald Cucumber. In color a rich dark green, holding its color until nearly ripe. Suitable for pickling at any stage of its growth, and as a slicer the flesh is particularly crisp and tender. Pkt. 5 cts., oz. 20 cts.

Cool and Crisp Cucumber. An early and exceedingly profitable sort. Fine for table use, being very tender and crisp. Pkt. 5 cts., oz. 10 cts.

Giant Pera Cucumber. Of enormous size, very smooth, skin free from spines, flesh white; very crisp and tender. Pkt. 5 cts., oz. 10 cts.

Japanese Climbing Cucumber. All cucumbers are of trailing habits, but this one is a climber. The vines are of extra strong growth, with heavy foliage, and does best when growing on poles or trellis. The fruit is dark green and of excellent quality. Pkt. 5 cts., oz. 10 cts.

CHARLESTON LARGE WAKEFIELD CABBAGE. A selection from Early Jersey Wakefield. Is about a week later than that popular early variety, but grows much larger, is as solid as Winnigstadt, and every plant makes a head of the finest quality. Pkt. 10 cts., oz. 30 cts.

SUCCESSION. One of the best second early cabbage, coming just after Wakefield, is much larger and a sure header. Pkt. 10 cts., oz. 25 cts.

IMPROVED AMERICAN SAVOY. The Savoy Cabbages are noted for their fine and delicate flavor. This improved variety is the best grown; heads large, finely curled and an excellent keeper. Pkt. 5 cts., oz. 30 cts.

MARBLEHEAD MAMMOTH DRUMHEAD. Said to be the largest cabbage in the world. Under high cultivation it has reached the enormous weight of 60 pounds per head, and the size was equal to a two bushel basket. If you want the largest try this grand variety. Pkt. 5c., oz. 20c., $\frac{1}{4}$ lb 65c.

CRESS. Fine (Curled Pepper Grass). This small salad is much used with lettuce, to the flavor of which its warm pungent taste makes a most agreeable addition. Pkt. 5 cts., oz. 10 cts.

IMPROVED LARGE LEAVED DANDELION. Resembles the endive and is extensively cultivated for early greens. Pkt. 10 cts.

WHITE PEARL EGG PLANT. A large vigorous grower and free from thorns. The fruit is pure creamy white, fine grained and well flavored. Pkt. 10 cts.

MOSS CURLED ENDIVE. Its leaves make a splendid salad when properly bleached, and one that is very useful, as it comes in after lettuce is gone. It may be grown at any season, but is usually grown for use late in the fall. Pkt. 5 cts., oz. 20 cts.

New Varieties and Specialties for 1902.

Iceberg Lettuce. A beautiful lettuce and one that should be sown in every garden. The large handsome heads of light green color, with curly outside leaves, slightly tinged with red, make a beautiful sight. The quality is of the very best. Pkt. 10 cts., oz. 20 cts.

French White Go's Lettuce. The Co's lettuces are very popular in Europe, and are distinct from other sorts in having long, narrow, spoon shaped leaves which fold into loose, sugar loaf shaped heads. On account of their exceeding crisp, tender and delicate flavor, they are becoming more popular each season. Pkt. 5 cts.

Miller's Cream Muskmelon,

A Most Delicious Melon. One of the best for the home or market garden. The flesh is a beautiful salmon color, very sweet and high flavored, and so thick that the melon is almost solid. Pkt. 5 cts., oz. 10 cts., lb. 75 cts.

Emerald Gem. Medium size; nearly round; flesh a light salmon color; thick.. fine grained and good flavor; rind thin, dark green, slightly ribbed but not netted. Pkt. 5 cts., oz. 10 cts., lb. 70 cts.

Fordhook Early Watermelon.

The earliest really good watermelon in cultivation. The demand for these melons after the southern grown are out of the market always exceeds the supply. The fruit is oval in shape, very thin rind, flesh a bright red very sweet and fine flavored. Pkt. 5 cts., oz. 10 cts.

WHITE VELVET OKRA. This is an annual from the West Indies, cultivated for its young seed pods, which are used in soups, etc. Pkt. 5 cts.

Improved Yellow Globe Onion.

Our extra selected stock is generally admitted by growers as the best strain in cultivation. The necks are very small and the firm, solid bulbs are excellent keepers, of good size and quality; enormous yielders. Pkt. 5 cts., oz. 10 cts., lb. \$1.25, postpaid. 5 lbs. \$5.00 by express. Write us for special prices on onion seed by the quantity.

TRIPLY CURLED PARSLEY. A fine, free growing but not large variety. The leaves are bright, pale green and exceedingly handsome. Pkt. 5 cts., oz. 10 cts.

Gradus or Prosperity Pea.

An extra early wrinkled pea, large, sweet and hardy. It can be sown as soon as the ground is fit to work in the spring along with the smooth varieties; grows from 18 to 24 inches high, loaded with pods of bright green color, filled with peas of the finest quality. It is sure to take the place of the smooth peas in general cultivation to a great extent. Pkt. 10 cents, pint 35 cents, quart 65 cents.

Dwarf Telephone or Daisy Pea.

A second early of robust growth; vines from 18 to 20 inches high, fairly loaded with large bright green pods, which are always well filled with large, tender, well-flavored peas. Pkt. 10 cts., pt. 40 cts., qt. 65 cts.

Mammoth Melting Sugar Peas.

The peas are not shelled but cooked in the pods like string beans. The pods are stringless and in flavor, brittle and tenderness are unexcelled. It should have a trial in every family garden. Pkt. 10 cts., pt. 40 cts., qt. 65 cts.

STRATAGEM PEAS One of the best of the large podded sort. Vines medium height, very stocky and bearing an abundance of mammoth handsome pods well filled with dark green peas of the finest quality. Pkt. 10c., pt. 25c., qt. 45c.

NEW VICTORIA SPINACH. A most excellent sort which forms a very large, thick dark-green leaf, somewhat curled in in the center. It becomes fit for use nearly as early as any remaining so much longer than most sorts and cannot fail to please. Pkt. 5 cts., oz. 10 cts.

New Varieties and Specialties for 1902.

Haskin's Improved Perfection Tomato.

The handsomest tomato in cultivation and all who have grown it pronounce it perfection in color; which is a bright, blood red; perfection in size, which is medium to large, and as smooth as an apple; perfection in buality and solidity, as its flavor is unsurpassed and fruits almost solid, having very few seeds. You miss one of the realy good things if you fail to plant some of this grand sort. Pkt. 10cts.; oz. 30cts.

DWARF CHAMPION TOMATO. This is a purple fruited variety, which forms very stout, strong plants, and is often sold under the name of tree tomatoes. The fruit is medium in size, fairly solid and of good flavor. Popular with market gardeners as the plants being of upright growth can be planted close together. Pkt. 5 cts.; oz. 30 cts.

CONN. SEED LEAF TOBACCO. The tobacco best adapted to the climate of the Middle and Northern States and is very hardy. Pkt. 5 cts.

VEGETABLE PLANTS.

Grown from selected seed. Sent by Express at purchasers expense. Positively no plants sent C. O. D. Plants packed with all possible care and delivered to transportation companies in good condition, when our responsibility ends.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

A PAGE OF LETTUCE

Prize Head Forms a mammoth plant, in which even the outer leaves are crisp and tender, and remain so throughout the season. It is slow to run to seed, of superb flavor and very hardy. One of the best for family use. Pkt. 5c. oz. 10cts. $\frac{1}{4}$ lb. 25cts.

Black Seeded Simpson Forms a large cluster of leaves and rather a solid head, and is very desirable for forcing or early sowing out of doors. The leaves are slightly ruffled and blistered, and of a light yellowish green shade. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

Big Boston A very popular large heading variety; heads extra large, solid and of the best quality. Market gardeners and truckers in all parts of the country are loud in their praise of this lettuce. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb 20 cts.

Hanson One of the best. Heads very large, solid, tender, crisp and of excellent flavor. Outer leaves bright green with prominent light colored veins, inner leaves white and usually curved and twisted at the base; very tender and delicious. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

Butter Cup A white seeded variety, forming plants of good size with numerous smooth, round leaves, which are of a clear yellow shade, very sweet, crisp and tender. The heads, when fully formed, are of good size and exceedingly attractive in appearance, and we recommend it for both private and market use. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

All Cream A most desirable cabbage lettuce, and for beauty of foliage, tenderness and delicacy of flavor it is unsurpassed. The heads are of good size, and the rich, creamy color of the leaves never fails to attract attention. It is a strong grower and of superior quality. Pkt. 5 cts., oz. 15 cts., $\frac{1}{4}$ lb. 35 cts.

Grand Rapids Where a variety is required for greenhouse forcing this is one of the best, being of quick growth and remaining in good condition some days after being fully matured. Pkt. 5 cts. oz. 10 cts. $\frac{1}{4}$ lb. 25 cts.

Denver Market Is an early variety of head lettuce, either for forcing or open ground. It forms large, solid heads of a light green color, and is very slow to run to seed. Leaves very tender and crisp. Pkt. 5c. oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

PHILADELPHIA BUTTER.

A dark green, thick-leaved, smooth lettuce, that is very desirable for open ground culture. The plants form a good size, solid, round head, that will stand a long time before running to seed. The inner leaves blanch a peculiar yellow shade, and are of a most delicious, rich, nutty flavor. Highly esteemed in the Eastern states. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 25 cts.

SWEET CORN, NORTHERN GROWN.

Mammoth White Cob Cory The largest and best extra early Sweet Corn. The stalks are no larger than those of the Cory, and mature their ears fully as early, but the ears are 12 instead of 8 rowed, very much larger and quite free from the open space between the rows which is such an objectionable feature of the old Cory. The grain is very white, quality good, and the size and beauty of the ears gives this variety a ready sale even if the market is glutted with other sorts. Packet 10 cents, pint 20 cents, quart 35 cents, postpaid.

The Cory This popular old variety was originated on Rhode Island by a marketman named Cory, and headed the list of Early Sorts for many years. It is the same as the Cory White Cob except the cob is red, and the grains a light pink. Pkt. 10 cts., pint 20 cts., quart 35 cts., postpaid.

Early Minnesota A standard early variety that has held a high place in the list of Sweet Corns ever since its introduction. The ears are of good size, well flavored, and of the best cooking qualities. Valuable for either private or market use. Pkt. 10 cts., pt. 20 cts., qt. 35 cts. postpaid.

Black Mexican This, by many, is considered the most desirable for family use of any of the second early sorts. No lover of Sugar Corn should fail to plant some of this variety. Pkt. 10 cents, pint 20 cents, quart 35 cents, postpaid.

New Early Evergreen This splendid new variety possesses all the good characteristics which have made Stowell's Evergreen so popular as a main crop variety, but produces ears ready for market from a week to ten days earlier. Pkt. 10c., pt. 20c., qt. 35c., postpaid.

Hickox Improved An improved strain of the old standard Hickox. Largely grown in many sections for canning purposes. The ears are twelve rowed, and the kernels of good size and fine quality. Pkt. 10 cts., pint 20 cts., quart 35 cts., postpaid.

Country Gentlemen An extensively advertised variety; a little earlier than Stowell's Evergreen and fully as sweet. Pkt. 10c., pt. 20c., qt. 35c., postpaid.

Stowell's Evergreen In this we have the leading variety for general use, and a corn that has stood the test of years in all sections of America. It is very tender, sugary, and remains a long time in a condition suitable for cooking. Pkt. 10 cts., pint 20 cts., quart 35 cts.. postpaid.

POP CORN, WHITE RICE. A very handsome and prolific variety. Kernels pointed, resembling rice. Pkt. 10c., pt. 15c., qt. 30c.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

Yellow Globe Danvers

Extensively grown for main crop by market gardeners; is immensely productive and good keepers. Large size, globe shaped, small neck, fine flavor, mild and early: in fact, about all that is required to make a first-class onion for either home or market use. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 35 cts.

Large Red Wethersfield

Is a favorite with onion growers the country over. Large size, form round, somewhat flattened; skin purplish red. Immense yielder, best keeper, and one of the best for general cultivation. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 35 cts.

Southport Red Globe

There is probably no other red variety which commands a higher price on the market, as its rich, purplish, crimson color makes it exceedingly attractive. The flesh is solid, fine grained, mild and tender. Pkt. 5 cts., oz. 15 cts., $\frac{1}{4}$ lb. 45 cts.

White Portugal

One of the most desirable large white, flat-shaped varieties. It is of mild flavor, fine grained, and an excellent sort for fall and early winter use, also a great favorite for use when young as a salad or bunching onion, and for pickles. Pkt. 5 cts., oz. 25 cts., $\frac{1}{4}$ lb. 75 cts.

White Globe

The handsomest of all white varieties and yields abundantly, producing handsome, globe shaped bulbs, solid and of the most perfect form. The flesh is firm, fine grained and of mild flavor. Our strain of this grand variety is the best that can be produced by careful selection, and is sure to give satisfaction. Pkt. 10 cts., oz. 25 cts., $\frac{1}{4}$ lb. 75 cts.

White Queen

A rapid growing, silver skinned variety of splendid keeping qualities. If sown early in spring it will produce onions from one to two inches in diameter early in summer, and if sown in July will produce onions ready to pull late in the fall, and be sound and fit for use until the following summer. Valuable for pickles. Pkt. 5c., oz. 25c., $\frac{1}{4}$ lb. 75c.

Australian Brown

A valuable early variety from Australia, medium size, hard and solid, attractive for market, both as to form and appearance. It never makes any scallions, is extremely early in ripening, and every seed seems to produce a good-sized onion. It will keep the year around, and the color of the skin, a clear amber brown, makes it very attractive. Pkt. 10 cts., oz. 25 cts., $\frac{1}{4}$ lb. 75 cts.

Prizetaker

This is the large, beautiful new onion that has become so popular in the last few years. Of globe shape and enormous size; skin of a bright straw color, while the flesh is white, sweet and tender. It excels every onion now existing in beauty, size and productiveness. You can grow a good crop of Prizetakers even in a dry season when other sorts are a failure. A correspondent in Farm and Fireside, says: It is ahead of any domestic onion I have ever seen, and finer than anything I ever expected to grow. In market they attract attention, and sell readily at advanced prices. Pkt. 10 cts., oz. 25 cts., $\frac{1}{4}$ lb. 75 cts.

Mammoth Silver Skin The skin is silvery white and the flesh pure white and of a mild and pleasant flavor. It matures quite early and is of much larger size than any other of the flat varieties. Is very highly recommended for family or market use. Pkt. 10 cts., oz. 25 cts., $\frac{1}{4}$ lb. 75 cts.

MUSK MELONS.

Netted Gem.

A favorite everywhere. They ripen extra early, and grow to an average weight of one and a quarter pounds. The flesh is thick, sweet, juicy, fine grained, and of a light green color. Skin a deep green, and heavily netted.

Pkt. 5c. oz. 10c.

Hackensack A very popular market variety, large size, densely covered with coarse netting. Flesh, green, thick, very sweet, and of a very delicious flavor. Very productive. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 20 cts.

PAUL ROSE. A grand new variety. Pkt. 10c., oz. 20c., $\frac{1}{4}$ lb. 35c.
ROUND YELLOW CANTALOUP. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c.

WATER MELON.

Dixie A very popular variety and one of the best in cultivation. Flesh, bright scarlet, of best quality. Pkt. 5c., oz. 10c.

ICE CREAM. An excellent variety for home use. Pkt. 5c. oz. 10c.

GEORGIA RATTLESNAKE. A great favorite. Pkt. 5c., oz. 10c.

MOUNTAIN SWEET. One of the oldest and best. Pkt. 5c., oz. 10c.

PARSNIP.

HOLLOW CROWN. The best variety in cultivation for general use; roots of good length, smooth, sugary and of excellent flavor. Pkt. 5c. oz. 10 cts., $\frac{1}{4}$ lb. 20 cts.

MAGNUM BONUM. A most excellent variety introduced from Europe. The flesh is delicious, being solid tender and very sweet. Pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ lb. 20 cts.

SALSIFY, or Vegetable Oyster.

Mammoth Sandwich Island. Pkt. 5c., oz. 15c.

PEPPERS.

Golden Queen.

The best variety in cultivation, and are the handsomest and most productive of all the Peppers. They grow from eight to ten inches in length, of a bright golden yellow, and very mild in flavor. An excellent variety, and one that is taking the lead. Pkt. 10c., oz. 25c.

Large Bell An old variety of large size which is considered very fine for use in mixed pickles. Fruit large, with thick, mild flesh. Pkt. 10 cts., oz. 25 cts., $\frac{1}{4}$ lb. 75 cts.

Ruby King.

An exceedingly handsome variety of enormous size, often measuring six inches in length and ten inches in circumference. The plant is of sturdy, bushy habit, and each plant produces from six to ten handsome fruits. Pkt. 10c., oz. 25c.

SWEET MOUNTAIN. Very large, sweet and mild flavored. One of the best for stuffed pickles. Pkt. 10 cts., oz. 25 cts.

LONG RED CAYENNE. Strong and pungent. Pkt. 5 cts.

PUMPKIN.

Large Cheese Excellent flavor, flesh thick and of a yellow color, shape round and flattened like a cheese box. Keeps well into winter. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c.

Connecicut Field A very productive old standard sort that is grown almost exclusively for stock feeding. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 15c., lb. 40c.

SUGAR. Good for family use or stock feeding. Pkt. 5c., oz. 10c.

PARSLEY.

FERN LEAVED. A most desirable variety, of medium size, handsome, pale green leaves. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c.

CHAMPION MOSS CURLED. Select stock. Pkt. 5c., oz. 10c.

SPINACH.

ROUND THICK LEAVED. This variety is generally preferred for early spring sowing, and is the most popular with our market gardeners. Grows very rapid. Pkt. 5c., oz. 10c.

BLOOMSDALE. Produces nearly twice the weight of crop as the older varieties. Pkt. 5c. oz. 10c., $\frac{1}{4}$ lb. 20c.

CONNECTICUT FIELD, PUMPKIN.

PEAS.

Alaska The very earliest and one that recommends itself to market gardeners as it matures all its crop at one time making it easy to handle. Pkt. 10 cents, pint 20 cents, quart 35 cents, Postpaid.

First and Best A vigorous grower, hardy, extra early sort. Very popular with many large growers. Pkt. 10 cts., pint 20 cts., quart 35 cts., postpaid by mail.

Nott's Excelsior A fine Extra Early Dwarf Green Wrinkled Pea. One of the good ones. Pkt. 10c, pt. 25c, qt. 45c.

McLean's Little Gem Is a perfect gem, and is one of the most popular early varieties. Packet 10 cents, pint 25 cents, quart 45 cents, postpaid.

McLean's Advance An old variety that seems to remain in general favor and about the best second early. Pkt. 10 cents, pint 25 cents, quart 45 cents.

Horsford's Market Garden Enormously productive, and many gardeners consider it the most profitable pea grown. Pkt. 10 cts., pt. 25 cts., qt. 45 cents, postpaid.

Telephone.

Without doubt

The Best
and most
profitable of the tall, late
varieties.

Pkt. 10 cts., pt. 30 cts., qt. 50 cts., postpaid

Champion of England.

One of the best. Of excellent flavor, and a profuse bearer of large well filled pods.

Pkt. 10c., pt. 20c., qt. 35c., postpaid.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

Haskin's Superior Radish Seed.

EARLY SCARLET TURNIP. An early, quick growing, small round radish that is very desirable for general use. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20

SCARLET TURNIP, WHITE TIP. A favorite with market gardeners where a good radish for outdoor culture is desired. The radishes are turnip shape, deep scarlet, shading to a white tip. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c.

EARLY SCARLET GLOBE. Grows very quickly, having small tops. Is regarded by many gardeners as one of the best extra early varieties. Color scarlet; flesh crisp and tender. Pkt. 5c., oz. 10c.,

FRENCH BREAKFAST. A splendid table variety on account of its excellent quality, and beautiful color, which is a scarlet, except near the tip, which is pure white. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c.

PHILADELPHIA WHITE BOX. Pkt. 5c., oz. 10c.

CHARTIER. One of the best long varieties. Pkt. 5c. oz. 10c.

GOLDEN GLOBE. Very popular in the south. Pkt. 5c.

LONG SCARLET, SHORT TOP. Pkt. 5c., oz. 10c..

SQUASH.

EARLY SUMMER CROOK-NECK. It is remarkably early, wonderfully productive, and of good size, neck crooked and the entire squash covered with warty excrescences. Pkt. 5c. oz. 10c., $\frac{1}{4}$ lb. 20c.

BOSTON MARROW. A very popular fall and winter variety in the Eastern states and extensively grown around Boston for market. Pkt. 5c.

HUBBARD. It is undoubtedly one of the very best winter squash that can be grown, and each year only increases its popularity. The flesh is bright orange yellow, fine grained, very dry, sweet and deliciously flavored. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c.

WHITE BUSH SCALLOP. This and the Yellow Bush Scallop are grown almost exclusively for first crop, as they ripen very early, and are particularly desirable for early marketing. Pkt. 5c.

YELLOW BUSH SCALLOP. A very early, scallop shaped variety; color yellow; flesh pale yellow and fine flavored. Pkt. 5c.

FAXON. One of the best sorts grown. Pkt. 5c., oz. 10c.

GOLDEN HUBBARD. A true Hubbard. Pkt. 5c., oz. 15c.

VEGETABLE MARROW. The best sort for pies. Pkt. 5c.

TOMATOES.

BEAUTY.

LIVINGSTON'S BEAUTY. This is without doubt one of Mr. Livingston's best productions, and is the smoothest and best of the large crimson sorts. Color a bright, glossy crimson with a tinge of purple. One of the best for market purposes, and you can make no mistake in planting this excellent variety. Pkt. 5 cts., oz. 20 cts.

ACME. Many Gardeners in this vicinity will grow no other variety. A sure cropper and quite early. Fruit of medium size, very smooth, color a glossy red, with purplish tinge. Pkt. 5 cts., oz. 20 cts.

ACME.

SPECIAL DISCOUNT FOR 1902. For each dollar sent us the purchaser may select seeds to the amount of \$1.30.

TOMATOES, CONTINUED.

TROPHY. One of the old standard varieties that has remained in favor in spite of the introduction of dozens of new sorts within the past few years. The fruit is very large, generally smooth, solid, of good flavor and very productive. Pkt. 5c. oz. 20c., $\frac{1}{4}$ lb. 50c.

PONDEROSA. Fruit is of enormous size, of excellent quality; enormously productive, and is a general favorite for

the family garden. The fruit ripens quite early and keeps in bearing until very late. Pkt. 10c., oz. 25c.

FIRST OF ALL. This grand early sort is certainly a splendid tomato, and worthy of a place in any garden. Fruit smooth, medium sized, fairly solid, and of good quality. Pkt. 10c., oz. 25c.

LIVINGSTON'S FAVORITE. The Canners' Favorite and one of the best and largest perfect shaped Red Tomatoes in cultivation. Free from cracks, few seeds, very prolific. Pkt. 5c., oz. 25c.

NEW STONE. This is recognized as one of the best of all the standard varieties. The fruit is of large size, a desirable red color, perfectly smooth, and of the very best quality. It is the main crop with many who grow for canning, and we recommend this variety as the best tomato for general cultivation. Pkt. 5c., oz. 20c.

PONDEROSA.

TURNIP.

PURPLE TOP STRAP LEAVED. Tops small, bulbs mostly above ground, of medium size and flat. Skin white below the surface, and a clear, bright purple above. Flesh white, sugary and remarkably well flavored. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 15c., lb. 50c.

PURPLE TOP WHITE GLOBE. A variety of decided merit. Of globular shape, very handsome, and of superior quality. Is of rapid growth, early; flesh pure white. Pkt. 5c., oz. 10c., lb. 50c.

EARLY SNOWBALL. A very rapid growing, small table variety that will mature in about 40 days from sowing of seed. The flesh is fine grained and remarkably sweet. Pkt. 5c., oz. 10c.

WHITE EGG. This turnip forms a beautiful, egg shaped root, with a thin white skin, and is considered by many one of the best white fleshed varieties for table use. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c.

EARLY DUTCH. An early variety that is very desirable for home use. The roots are medium size, tender and sweet. Pkt. 5c. oz. 10c., $\frac{1}{4}$ lb. 20c., lb. 50c.

YELLOW GLOBE. A remarkably hardy yellow turnip for table use. Grows to a large size; flesh firm and sweet, and keeps well until late spring. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., lb. 50c.

WHITE FLAT DUTCH. An excellent early garden variety. Root flat; color white; very early, sweet and tender. Desirable for table use. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., lb. 50c.

WHITE STONE. A very desirable sort. The roots are of medium size, uniformly globular and perfect in shape, smooth skinned and of pure white color. The flesh is crisp, tender and of fine quality. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., lb. 50c.

WHITE FLAT DUTCH.

PURPLE TOP STRAP LEAF.

RUTA BAGAS, or SWEDES.

IMPROVED PURPLE TOP. A first-class Ruta Baga, with fine flesh and splendid keeping qualities. It is fine for table use as well as for stock feeding. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., lb. 50c.

LARGE SWEET GERMAN. A most excellent variety that really belongs to the table class of Turnips. The flesh is white, sweet and very firm. Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 20c., lb. 50c.

HERBS—Pkt. 5c., 3 pkt's for 10c. Anise. Balm, Caraway, Coriander, Dandelion, Horehound, Marjoram, Sage, Saffron, Savory, Wormwood, Dill, Fennel, Basil.

SELLING AGENTS.**

...THE CANNON SPRAYER...

For spraying Fly Oil on Cattle, Horses, Hens, etc. Also for green house, garden and farm work. The simplest, lightest, strongest and handiest atomizer sprayer made. Weighing about one pound, it can be sent everywhere by mail for a very small amount. It is easy to pack and will not dent in handling. Its tubes are so adjusted to throw a large body of fine spray, and the plunger leather is reinforced with our patent valve spreader, and does not wrinkle and get out of shape. Entire length, 20 inches; reservoir 10 inches; air chamber 10 inches.

No. 4, all tin, holds about one quart, retail price, each - - - 50 cents
No. 5, brass reservoir, holds about one quart, retail price, each 75 -

THE UTICA INSECT SPRAYER

gives a long easy stroke that supports a fine misty spray of full volume for twice the length of time accomplished by any other sprayer. Plunger rods heavy. Best calf leathers reinforced with our spring valve spreader, and very strongly made in every part.

No. 10, all tin, 1½ quart tanks, retail price, each - - - 60 cents
No. 7, brass tanks, 1½ quart tanks, retail price, each - - - \$1.00

Clark's Sure Thing Cattle Fly Killer Oil.

The best compound for keeping flies off horses and cattle and killing lice on hens, cattle, etc. Was sold with big success last season, and is pronounced by the trade who handled it superior to any other.

CLARK'S SURE THING is put up in one gallon cans, packed 12 cans in a case and can safely be shipped to any part of the world.

Retail price, per gallon, - - - - \$1 00

The Utica Blizzard High Pressure Sprayer

Patent Applied For.

The handiest and easiest working sprayer made for spraying fruit trees, tobacco, potatoes, poultry houses, whitewash, etc. It sells at sight as evidenced by our experience last season. Holds one gallon of mixture, and after pumping in a few strokes of air works continuously. Will throw a broad, spread mist-like spray. Also direct from the stop cock a coarse Bordeaux spray, ten to twelve feet high, and a straight stream much higher. Is equipped with our Utica stop cock and nozzle as described under head of Utica High Pressure Sprayer.

Utica Blizzard, No. 35, galvanized iron tanks, retail price, each	-	\$2 00
" No. 30, brass tanks, retail price, each	-	3 00

UTICA HIGH PRESSURE SINGLE TANK.

It is a marvel. Quick and easy to work. It holds three gallons, and when charged, which takes but half a minute, it will give a continuous spray ten minutes, and will throw a coarse spray 12 to 15 feet high, and a fine stream onto any ordinary fruit tree. Equipped with rubber extension hose, the fine spray can be carried into the tops of trees. This sprayer is especially adapted for tobacco, potato spraying and nursery work.

No. 3, galvanized iron tanks, 3 gallon, retail price, each	-	\$5 00
No. 3X, brass tank, 3 gallon, retail price, each	-	6 50

All complete with stop cock and nozzle as represented above.

Retail price for extra hose, with hose bands, 12 cents per foot.

The Utica High Pressure Double Cylinder Sprayer.

THE BEST IN THE WORLD. FOUR GALLONS CARRIED EASILY.

Made of heavy galvanized iron, strongly braced and reinforced in every part. Heads swelled and double seamed. Heavy cast brass filler, cap and screw Strong, 2-inch force pump, with heavy rods, best calf leather plunger and spring brass spreaders for leathers. Brass ball check valves. The most perfect working sprayer ever invented. It is also made of 20 ounce copper, which will last a lifetime. Adapted for all classes of spraying. This sprayer, when filled and charged, which takes half a minute, will spray continuously for 15 minutes, and will throw a stream thirty feet high. It

is especially fine for large work in potato fields, vineyards, tobacco plantations, fruit tree spraying, white washing, chicken house spraying and green house work. Also for applying disinfectants in barns, etc.

No. 15, made of sheet steel, retail price, each	\$5 00
No. 40, made of galvanized iron, retail price, each	5 50
No. 20, made of copper, retail price, each,	7 50

All complete with 30 inches of hose, as represented above.

Extra hose, retail price, 12 cents per foot.

Coupling for hose, 20 cents each.

The Utica Stop Cock and Nozzle.

Made of heavy brass. Is especially gotten up for our sprayers and will not be used on any other. They can only be procured with our sprayers. The stop cock is so constructed that a varied spray, very fine, coarse and still coarser, and farther away as it gets heavier, until it reaches the tops of a thirty foot tree. All obtained by a slight steady turning of the key. Reversing the key any sediment that may collect will be forced out, making it practically unclogable.

The Utica Spray Nozzle, when attached to our high force sprayers, gives a very wide or narrow spray as wanted, by opening or closing the three wings, covering the three slits or cuts which give the circular motion, which drives the spray out of the small round hole in end of nozzle. These slits are so made that the openings are very large, and no strained mixture will clog.

They have a soft, smooth cushion for the joints to rest upon keeping out the heat and cold, and prevent all drawing and burning of the feet.

Once Bought, Always Sought.

Our new Insole with Patent Cushion makes our shoe more flexible and comfortable than a hand-made and prevents that tired feeling caused by standing on hard leather and saves the wear of the hose.

All our goods are made of the best material in every detail and are guaranteed to stand the usual amount of wear that is expected of a first-class shoe.

We have had many years of experience in the shoe business, and are well posted on what is the correct shoe for the feet. Our cushion is put in so that it will never wrinkle up under the feet.

Our Shoe Actually Cures Corns, Bunions, Callouses and Other Foot Ailments.

One cause for tender feet is perspiration, the ordinary cotton or kid sock (or lining) will not absorb the moisture, the leather insole becomes black and hard by it, the cushion shoe absorbs all moisture and is not hardened by perspiration and when dried out it is sweet and soft as when first put on, thus by absorbing the perspiration the cushioned sole will toughen the feet and walking becomes an increased pleasure.

Ladies will find our styles up-to-date. If you want a good style, good wearing and entirely satisfactory shoe buy the **Improved Cushion Shoe**, (it has a cushion between the counter and lining).

The cause of cold feet is perspiration in the shoe that has cloth or leather insole, they become moist, moisture is a good conductor and in this manner the heat of the body and vitality (electricity) is conducted to the ground to the detriment of the interested party.

When you walk on our cushion you discover in the first five minutes a delightful buoyancy that gives walking a new pleasure.

Our Cushion Shoe fits the feet perfectly, they look well on the feet and in fact give the best satisfaction of any shoe that was ever put on the market.

→ TRUTHS ←

I will say "that no man is better than his worst part" bears particular weight when applied to sore feet. More warped tempers; more grumpy dispositions; more sour natures; are due to this cause than to all the torpid livers and dyspepsia of the last generation.

TAKE NOTHING BUT THE GENUINE,

As our shoe is the only original shoe of its kind on the market. See that the name of **Preble Shoe Co.**, is stamped on the bottom of every shoe.

Sold only by **J. T. LONAS**, 150 Court St. Binghamton, N. Y.

“COST NO MORE THAN ANY OTHER SHOE OF THE SAME QUALITY”

Read what wearers of the Preble Improved Cushion Shoe say.

Binghamton, N. Y., December 4, 1901.

Mr. J. T. Lonas, Binghamton, N. Y., Dear Sir:--

About 15 years ago, I had a pair of shoes made to order at the cost of about \$9.00. After wearing them about two months, I found that they had caused a bunion on the outside of my left foot in the joint back of the little toe. From that time up to May, 1901, at intervals, I suffered everything but death and spent a good many dollars doctoring my foot. At times, it was impossible for me to wear a shoe at all. In May of 1901, I bought a pair of the Improved Cushion Shoes from you which at once gave me relief. My foot speedily improved in the use of the above named shoe until at the present time, I would not know that I ever had anything wrong with the above named joint, hence I cheerfully recommend the shoe to both old and young and would wear nothing else if they cost me \$15.00 a pair.

Very truly yours, W. J. HASKIN.

Amesbury, Mass., November 26, 1901.

Mr. J. T. Lonas, Binghamton, N. Y., Dear Sir:--

In regard to the Preble shoes that I bought some thing over a year ago, would say they have given me excellent service. The comfort derived from wearing Cushion Shoes is so great that I am not willing to wear any others. Very truly yours,

GEO. W. HAMLIN.

Binghamton, N. Y., January 4, 1902.

Mr. J. T. Lonas, Binghamton, N. Y., Dear Sir:--

It gives me pleasure to say a word in favor of your Cushion Sole Shoe. Before I began wearing your shoe my feet would smart and burn so that the first thing I would do upon reaching home at night, was to remove my shoes and relieve my feet, even before taking off my coat and hat, the annoyance was so great, but thanks to Cushion Sole Shoes this has entirely disappeared. I also had a corn on each little toe which was very painful but after wearing your Cushion Shoes for three months they have both disappeared and there is no soreness nor pain whatever, and I can say your Cushion Sole Shoe does actually cure corns.

Respectfully yours,

S. A. MOTT.

Binghamton, N. Y., January 9, 1902.

Mr. J. T. Lonas, Binghamton, N. Y., Dear Sir:--

I can say with Pleasure, that the Cushion Shoe is the most comfortable and easy shoe I have ever worn. Since having learned their good qualities, shall wear no other.

Very truly yours,

MRS. L. A. MOTT.
